SUMMARY

Staff-level Analytics Engineer with 6+ years of production dbt experience — incremental models, custom macros, and data modeling architecture at scale — across fast-moving commercial organisations in APAC and Europe. Sets direction for analytics patterns, standards, and strategy; defines and implements metrics in semantic layers (Looker) for self-serve analytics across Finance, Marketing, and Operations. Track record of building data quality standards and CI/CD practices that teams rely on.

PROFESSIONAL EXPERIENCE

Vinted GmbH – Berlin, Germany / Vilnius, Lithuania

Aug 2023 – Present

Senior Analytics Engineer, Shipping Finance

- Architected and owned production dbt models for shipping finance — incremental models processing millions of daily transactions — serving as the single source of truth for Finance Ops and Group Reporting.
- Established data quality standards using dbt tests, reconciliations, and anomaly detection, reducing misstatement risk by 90% on €40m of exposure.
- Set direction for data modeling patterns and CI/CD standards across the analytics engineering team, including documentation and code review practices.
- 75% faster pipeline runtimes and 15% lower warehouse costs through performance and cost optimisation of Spark and BigQuery workloads.
- Recovered €1.6m in carrier overcharges by embedding risk-based assertion checks into core datasets — enabling autonomous, reliable detection without manual review.

Tourlane GmbH – Berlin, Germany

Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Built the finance analytics stack from scratch in dbt and Snowflake — greenfield data modeling covering unit economics, conversion funnel (lead to opportunity to retention), and revenue — integrating Salesforce, Stripe, and Twilio.
- Defined and implemented Looker semantic layer metrics for Finance and Operations, saving 5 FTE days per month in month-end close; trained Marketing and Finance teams on self-serve analytics.
- Partnered with data engineering to harden pipeline reliability, improving SLA attainment from 88% to 97%.

LucaNet AG – Singapore / Paris, France

Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Defined and implemented financial metrics and reporting standards with business stakeholders across 11 cross-domain transformation projects for listed companies in APAC (SGX, HKEX, KLSE, ASX).
- Designed consolidation and budgeting solutions using LucaNet and Power BI, achieving up to 50% reduction in reporting and planning cycle times.
- Delivered client enablement sessions and documentation, achieving average satisfaction scores of 4.5 / 5.

Keppel Corporation Ltd – Singapore

Jul 2019 – Mar 2020

Finance Analyst

- Developed Power BI and Tableau dashboards to assess performance of 140 staff across 5 process areas, improving transparency of service delivery KPIs.
- Automated 3 manual finance workflows using UiPath RPA integrated with SAP, saving 50 person-hours per month.

EDUCATION

ESCP Business School – Paris and Berlin

Sep 2021 – Dec 2022

MSc, Big Data and Business Analytics (Mention Très Bien)

- Graduated as Valedictorian; awarded French Excellence Master Scholarship (Embassy of France in Singapore).
- Best Thesis Award: NLP-based analysis of sustainability reports and corporate financial performance.

Nanyang Technological University (NTU) – Singapore

Aug 2016 – Jul 2019

Bachelor of Accountancy (Highest Distinction)

- Dean's List (AY 2016/2017); Isetan Foundation Scholarship and TFI-LeaRN exchange scholarship at the University of Hong Kong.

COMMUNITY AND VOLUNTEERING

Soap Cycling (Singapore) Ltd – Singapore and Hong Kong

Aug 2018 – Present

Board Member & Director, Finance

- Led Singapore expansion and managed 30 interns; designed Looker Studio dashboards for impact and finance reporting.

ReDI School of Digital Integration – Berlin, Germany

Mar 2023 – Jun 2025

Instructor, Python and Data Analytics

- Designed and delivered Python and SQL curriculum to 60+ students across three semesters at a non-profit tech school.

SKILLS

Analytics Engineering: dbt (incremental models, custom macros, architecture), SQL, Python

Semantic Layer and BI: Looker, Looker Studio, Tableau, Microsoft Power BI

Data Warehousing: Google BigQuery, Snowflake

Data Quality and CI/CD: dbt tests, Elementary, GitHub Actions, Git

AI-Assisted Development: Cursor, GitHub Copilot

Other Engineering: Apache Spark, Apache Airflow, Scala, R

Certifications: Chartered Global Management Accountant (CGMA), Microsoft Certified: Data Analyst Associate

Languages: English (Native / C2), Mandarin (B2), Cantonese (B2), German (A1), French (A1)
