SUMMARY

Analytics Engineer with 6+ years of experience building scalable data pipelines and governance-first reporting solutions across finance and operational domains. Expert in Power BI and data modeling; proven track record designing and implementing data quality controls that reduce misstatement risk and ensure reliable, compliant analytics. Bridges business requirements and technical implementation through structured, cross-functional collaboration.

PROFESSIONAL EXPERIENCE

Vinted GmbH

Berlin, Germany / Vilnius, Lithuania | Aug 2023 – Present

Senior Analytics Engineer, Shipping Finance

- Designed and implemented layered data quality controls (dbt tests, reconciliations, anomaly detection), reducing misstatement risk by 90% on €40m of exposure.
- Built scalable data models in BigQuery and Apache Spark, optimizing pipeline performance and cost-efficiency while establishing data modeling frameworks for concurrent analytical and operational needs.
- Own end-to-end finance-ready shipping cost and revenue models in dbt and Looker, used as the single source of truth for Finance Ops month-end close and Group Reporting.
- Built monitoring and observability (freshness, completeness, metric drift) for critical pipelines, improving incident detection and resolution times.

Tourlane GmbH

Berlin, Germany | Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Gathered fragmented requirements from Finance, Operations, and Product teams and translated them into a unified data transformation layer (dbt + Snowflake), integrating Salesforce, Stripe, Twilio, and backend systems with a single source of truth.
- Led finance reporting transformation using Looker dashboards, translating business requirements into effective analytics solutions; saved 5 FTE days per month in month-end close process.

LucaNet AG

Singapore / Paris, France | Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Led 11 finance digital transformation projects for listed companies across APAC, translating client requirements into Power BI reporting solutions and technical implementations, achieving up to 50% reduction in reporting cycle times.

Keppel Corporation Ltd

Singapore | Jul 2019 – Mar 2020

Finance Analyst

- Developed Power BI and Tableau dashboards to assess performance across 140 staff and 5 process areas, improving transparency of KPIs and enabling cross-functional reporting coordination.
