SUMMARY

Analytics Engineer with 6+ years building Looker dashboards and data infrastructure for rapid delivery. Specialises in fast-paced dashboard development with unwavering accuracy, independent navigation of complex data platforms (BigQuery, Kafka, Airflow, GCP), and proposing process enhancements. Transforms data into actionable insights for internal and external users while solving problems autonomously using available tools.

PROFESSIONAL EXPERIENCE

Vinted GmbH

Berlin, Germany / Vilnius, Lithuania | Aug 2023 – Present

Senior Analytics Engineer, Shipping Finance

- Delivered Looker dashboards within tight sprint deadlines for Finance Ops and Group Reporting; built and iterated calculated-field architecture to enable rapid metric changes while maintaining 100% accuracy on €40m+ of financial exposure.
- Worked independently to understand and navigate data infrastructure: traced upstream Kafka event streams and carrier billing feeds, understood BigQuery ETL dependencies, diagnosed data quality issues, and optimised queries without hand-holding.
- Proposed and implemented enhancements to reporting systems: identified pipeline inefficiencies, redesigned BigQuery queries for 75% faster runtimes, and cut cloud compute costs by 15% through workload pattern optimisation.
- Designed and deployed dbt models and data quality checks (dbt tests, reconciliations, anomaly detection) that reduced misstatement risk by 90% and embedded control framework detecting €1.6m in billing discrepancies.
- Built GCP-native data infrastructure: used Cloud Functions, Pub/Sub, Cloud Storage for event streaming and pipeline automation; established monitoring patterns enabling rapid incident detection.

Tourlane GmbH

Berlin, Germany | Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Delivered Looker dashboards and metrics on accelerated timeline; architected dashboard design to support month-end close, reducing reporting cycle by 2 days through optimized queries and efficient calculated-field patterns.
- Built centralised data transformation layer in dbt and Snowflake: integrated Salesforce, Stripe, Twilio, and backend systems; designed mart tables for finance and operations teams to self-serve without ad-hoc queries.
- Optimised data lake queries and dashboard performance: identified ETL bottlenecks and pipeline inefficiencies, proposed and implemented improvements that reduced dashboard load time by 60% and accelerated decision cycles.
- Ramped quickly on legacy reporting codebase; diagnosed data quality and lineage issues, refactored for clarity and maintainability, and mentored junior analysts on SQL patterns and dashboard best practices.

LucaNet AG

Singapore / Paris, France | Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Led 11 finance digital transformation projects across APAC; designed reporting solutions that reduced planning and close cycles by up to 50%, delivering under tight project timelines.
- Ramped quickly on diverse client-specific data architectures and legacy systems; translated business requirements into technical solutions and delivered accurate, auditable reporting with minimal re-work.

EDUCATION

École Supérieure de Commerce de Paris (ESCP) Business School

Paris and Berlin | Sep 2021 – Dec 2022

MSc, Big Data and Business Analytics (Mention Très Bien)

- Graduated as Valedictorian; awarded French Excellence Master Scholarship (Embassy of France in Singapore).
- Best Thesis Award: NLP-based topical and sentiment analysis of sustainability reports and their relationship with corporate financial performance in Singapore.

Nanyang Technological University (NTU)

Singapore | Aug 2016 – Jul 2019

Bachelor of Accountancy (Highest Distinction)

- Dean's List (AY 2016/2017).
- Recipient of Isetan Foundation Scholarship and Temasek Foundation International Leadership Enrichment and Regional Networking (TFI-LeaRN) Programme scholarship for exchange at the University of Hong Kong.

COMMUNITY AND VOLUNTEERING

Soap Cycling (Singapore) Ltd

Singapore and Hong Kong | Aug 2018 – Present

Board Member & Director, Finance

- Led expansion of operations to Singapore and managed 30 interns over 3 years to scale collections and impact programmes.
- Designed Looker Studio dashboards for impact, operations, and finance reporting to inform board-level decision-making.

ReDI School of Digital Integration

Berlin, Germany | Mar 2023 – Jun 2025

Instructor, Python and Data Analytics

- Designed and delivered Python and Data Analytics curriculum to 60+ students across three semesters, emphasising SQL, scripting, and analytics fundamentals.

SKILLS

BI Tools and Dashboarding: Looker, Looker calculated fields, Looker Studio, Tableau, Microsoft Power BI, Grafana

Cloud Data Platforms: Google BigQuery, Google Cloud Platform (GCP), Cloud Functions, Pub/Sub, Cloud Storage, Snowflake

Big Data and Orchestration: Apache Airflow, Kafka, Apache Spark

Programming and Scripting: Python, SQL, R, Scala

Data Transformation and Modeling: dbt, Data lineage, ETL design

Data Quality and Observability: Elementary, dbt tests, Monitoring and alerting

Version Control and DevOps: Git, GitHub

Finance and Automation Tools: LucaNet, UiPath, SAP

Certifications: Chartered Global Management Accountant (CGMA) · Microsoft Certified: Data Analyst Associate · LucaNet Certified Professional - Financial Performance Management

Languages: English (Native / C2), Mandarin (B2), Cantonese (B2), German (A1), French (A1)
