SUMMARY

Data platform engineer with 6+ years of experience designing and building scalable, production-grade infrastructure for high-volume data pipelines across finance and mobility sectors. Expert in ETL and ELT development using Python, Apache Spark, and modern data architectures (medallion, data lakes) to power real-time decisioning systems. Proven track record leading teams, optimising infrastructure at scale, and delivering reliability through systematic design and observability.

PROFESSIONAL EXPERIENCE

Vinted GmbH

Berlin, Germany / Vilnius, Lithuania | Aug 2023 – Present

Senior Analytics Engineer, Shipping Finance

- Own end-to-end ETL pipeline architecture in dbt, BigQuery, and Apache Spark for shipping finance and revenue models; designed layered data quality controls and observability (freshness, completeness, volume, metric drift detection) reducing misstatement risk by 90% on €40m exposure.
- Built infrastructure powering real-time financial decisioning: embedded risk-based control framework into core datasets, detecting carrier billing discrepancies and recovering €1.6m in overcharges.
- Optimised Spark and BigQuery workloads and storage patterns across medallion-style architecture, cutting pipeline runtimes by 75% and cloud compute costs by 15% while maintaining SLAs for Finance Ops and Group Reporting.

Tourlane GmbH

Berlin, Germany | Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Built centralised data transformation layer in dbt and Snowflake, integrating multi-source data (Salesforce, Stripe, Twilio, backend systems) to power operational analytics.
- Improved data pipeline reliability: partnered with data engineering and business teams to harden pipelines, raising SLA attainment from 88% to 97%.

LucaNet AG

Singapore / Paris, France | Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Led 11 finance digital transformation projects for listed companies across APAC, designing end-to-end consolidation and budgeting solutions.
- Managed cross-functional teams and partner stakeholders to productionise solutions at pace; achieved 50% reduction in reporting and planning cycle times.

EDUCATION

École Supérieure de Commerce de Paris (ESCP) Business School

Paris and Berlin | Sep 2021 – Dec 2022

MSc, Big Data and Business Analytics (Mention Très Bien)

- Graduated as Valedictorian; awarded French Excellence Master Scholarship (Embassy of France in Singapore).
- Best Thesis Award: NLP-based topical and sentiment analysis of sustainability reports and their relationship with corporate financial performance in Singapore.

Nanyang Technological University (NTU)

Singapore | Aug 2016 – Jul 2019

Bachelor of Accountancy (Highest Distinction)

- Dean's List (AY 2016/2017).

COMMUNITY AND VOLUNTEERING

Soap Cycling (Singapore) Ltd

Singapore and Hong Kong | Aug 2018 – Present

Board Member & Director, Finance

- Led expansion of operations and managed 30 interns over 3 years; designed Looker Studio dashboards for impact, operations, and finance reporting.

SKILLS

Programming and Data Engineering: Python, Apache Spark, SQL, dbt, Apache Airflow, R, Scala

Data Warehousing and Architectures: Google BigQuery, Snowflake, Medallion Architecture, Data Lakes

Analytics and Visualisation: Looker, Microsoft Power BI, Looker Studio, Tableau

Data Quality and Observability: Elementary, dbt tests, Monitoring and Alerting

DevOps and CI/CD: GitHub Actions, Git

Finance and Tools: LucaNet, UiPath, SAP

Certifications: Chartered Global Management Accountant (CGMA) · Microsoft Certified: Data Analyst Associate

Languages: English (Native / C2), Mandarin (B2), Cantonese (B2), German (A2)
