SUMMARY

Data Engineer with 6+ years building scalable data infrastructure and pipelines for finance and fintech. Advanced expertise in BigQuery, dbt (dbt Champion), and data modeling. Proven track record at early-stage operations scaling and regulated environments. Combines technical depth in SQL, Python, and analytics engineering with financial domain knowledge to deliver reliable, self-serve data platforms.

PROFESSIONAL EXPERIENCE

Vinted GmbH

Berlin, Germany / Vilnius, Lithuania | Aug 2023 – Present

Senior Analytics Engineer, Shipping Finance

- Built production-grade data pipelines in dbt and BigQuery powering €40m+ in financial exposure, with rigorous data quality controls and reconciliation checks.
- Architected layered data models using dimensional design patterns and dbt best practices, enabling finance teams to self-serve analytics without engineering support.
- Implemented comprehensive monitoring and alerting (dbt tests, anomaly detection, freshness checks), reducing incident detection time by 80% and enabling proactive issue resolution.
- Optimised BigQuery workloads through query optimization, materialization strategies, and cost-efficiency improvements, reducing cloud compute costs by 15% while maintaining SLAs.
- Designed data quality framework detecting billing discrepancies and recovering €1.6m in overcharges through systematic control implementation.

Tourlane GmbH

Berlin, Germany | Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Designed and built centralised data transformation layer using dbt and Snowflake, integrating Salesforce, Stripe, Twilio data for finance and operational analytics.
- Created self-serve Looker dashboards for finance reporting, reducing month-end close cycle time by 5 FTE days per month through automation and improved visibility.
- Partnered with data engineering teams to harden ETL pipelines and establish SLA frameworks, improving pipeline reliability from 88% to 97% uptime.

LucaNet AG

Singapore / Paris, France | Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Led 11 digital transformation projects for listed companies across APAC during early-stage operations scaling in Singapore, delivering consolidation and reporting solutions from requirements through go-live.
- Designed financial data models and reporting architectures supporting regulatory compliance and month-end close processes for SGX, HKEX, KLSE, ASX-listed entities.
- Achieved up to 50% reduction in reporting and planning cycle times through process automation and data infrastructure improvements.

Keppel Corporation Ltd

Singapore | Jul 2019 – Mar 2020

Finance Analyst

- Built dashboards (Power BI, Tableau) tracking 140 staff KPIs across 5 process areas and 300+ entities in 6 business units.
- Automated 3 manual finance workflows using RPA integrated with SAP, freeing 50 person-hours per month for higher-value analysis.
- Streamlined cross-functional data processes and established consistent reporting standards across distributed business units.

EDUCATION

École Supérieure de Commerce de Paris (ESCP) Business School

Paris and Berlin | Sep 2021 – Dec 2022

MSc, Big Data and Business Analytics (Mention Très Bien)

- Graduated as Valedictorian; awarded French Excellence Master Scholarship (Embassy of France in Singapore).
- Best Thesis Award: NLP and sentiment analysis of sustainability reports and their relationship with corporate financial performance.

Nanyang Technological University (NTU)

Singapore | Aug 2016 – Jul 2019

Bachelor of Accountancy (Highest Distinction)

- Dean's List (AY 2016/2017); recipient of Isetan Foundation Scholarship and TFI-LeaRN Programme scholarship for exchange at University of Hong Kong.

COMMUNITY AND VOLUNTEERING

Soap Cycling (Singapore) Ltd

Singapore and Hong Kong | Aug 2018 – Present

Board Member & Director, Finance

- Designed Looker Studio dashboards for impact, operations, and finance reporting informing board-level decision-making.
- Led operations expansion to Singapore and managed financial compliance including audits and financial statement preparation.

ReDI School of Digital Integration

Berlin, Germany | Mar 2023 – Jun 2025

Instructor, Python and Data Analytics

- Designed and delivered Python and Data Analytics curriculum to 60+ students, including modules on SQL, data pipelines, and analytics engineering best practices.

SKILLS

Data Engineering and Transformation: dbt (Champion), SQL, Python, Apache Spark, Apache Airflow, Data Modeling, ETL/ELT

Data Warehousing: Google BigQuery, Snowflake, Data Architecture, Query Optimization

Analytics and Dashboarding: Looker, Looker Studio, Data Visualization

Data Quality and Observability: dbt tests, Elementary, Monitoring, Anomaly Detection

Infrastructure and DevOps: Terraform, GitHub Actions, Git, CI/CD

Streaming Data: Kafka, Event Processing

Finance Domain Tools: LucaNet, SAP

Certifications: Chartered Global Management Accountant (CGMA) · Microsoft Certified: Data Analyst Associate · dbt Certification (Champion)

Languages: English (Native / C2), Mandarin (B2), Cantonese (B2), German (A1), French (A1)
