SUMMARY

90% misstatement risk reduction on €40m exposure through layered data quality controls in dbt and BigQuery. Builds scalable data models and enforces modeling standards as the single source of truth for Finance and Operations. Chartered Accountant background enables direct translation of business requirements into reliable, business-ready datasets.

PROFESSIONAL EXPERIENCE

Vinted GmbH

Berlin, Germany / Vilnius, Lithuania | Aug 2023 – Mar 2026

Senior Analytics Engineer, Shipping Finance

- Own end-to-end finance-ready shipping cost and revenue models in dbt, BigQuery, and Looker — used as the single source of truth by Finance Ops and Group Reporting throughout month-end close.
- Designed layered data quality controls — dbt tests, reconciliations, anomaly detection — reducing misstatement risk by 90% on €40m of exposure, giving Finance a reliable and auditable data foundation.
- Embedded a risk-based control framework into core datasets, detecting carrier billing discrepancies and recovering €1.6m in overcharges.
- Partner with Finance to translate plain-language requirements and definitions into documented KPI logic and data models, enabling self-serve analysis and smoother change management when logic evolves.
- Raised dbt unit test coverage from <1% to 50%+ in four weeks; authored a reusable testing guide independently adopted by teammates.
- Optimised BigQuery workloads and storage patterns, cutting pipeline runtimes by 75% and reducing query volume by 1.5TB/day through incremental model redesign, cutting compute costs by 15%.
- Presented analytics testing strategy at Forward Data (Paris) and Data Maker's Fest (Porto); hosted dbt Meetup at Vinted Berlin.

Tourlane GmbH

Berlin, Germany | Jul 2022 – Aug 2023

Data Analyst, Finance Lead

- Built a centralised data transformation layer in dbt and Snowflake — integrating data from Salesforce, Stripe, Twilio, and backend systems — to power finance and operational analytics across the business.
- Owned the Finance Data Products roadmap solo — defined modeling standards and set priorities as sole analytics engineer.
- Partnered with data engineering and business teams to harden data pipelines, improving SLA attainment from 88% to 97%.
- Led finance reporting transformation using Looker dashboards, saving 5 FTE days per month in month-end close.

LucaNet AG

Singapore / Paris, France | Mar 2020 – Mar 2022

Senior Finance Transformation Consultant

- Led 11 finance digital transformation projects for listed companies across APAC (SGX, HKEX, KLSE, ASX), translating business requirements into consolidation and budgeting solutions from requirements to go-live.
- Designed Power BI solutions cutting reporting and planning cycle times by up to 50%.

EDUCATION

École Supérieure de Commerce de Paris (ESCP) Business School

Paris and Berlin | Sep 2021 – Dec 2022

MSc, Big Data and Business Analytics (Mention Très Bien)

- Ranked 7th globally in QS Business Master's Rankings 2024 for Business Analytics; awarded French Excellence Master Scholarship.
- Best Thesis Award: NLP-based analysis of sustainability disclosures and their impact on corporate financial performance across markets.

Nanyang Technological University (NTU)

Singapore | Aug 2016 – Jul 2019

Bachelor of Accountancy (Highest Distinction)

- Ranked 2nd in Asia in QS World University Rankings by Subject 2023 for Accounting and Finance; graduated with Highest Distinction.
- Dean's List (AY 2016/2017); Isetan Foundation Scholarship; awarded TFI-LeaRN exchange scholarship to the University of Hong Kong.
